

KNOW MORE. USE LESS. SAVE MONEY.

YOUR NEW KAMSTRUP SMART METER CAN MONITOR YOUR WATER USAGE 24/7

-  **Free Tool For Customers**
-  **Water Usage Insights**
-  **Real-Time Alerts**

DON'T WAIT FOR YOUR NEXT BILL TO FIND OUT ABOUT YOUR HIGH USAGE.

Temescal Valley Water District (TVWD) is pleased to announce the launch of getmymeter.info. A free new tool for TVWD customers! Getmymeter.info provides customers with convenient access to water usage, helping you stay informed and in control of your consumption.

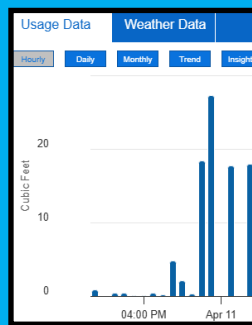

This free tool can be accessed through a secure Single Sign On at <https://temescalwd.epayub.com>.

Don't have an account? It's easy to register.

Water Usage Insights can be found by clicking the **VIEW DETAILED CONSUMPTION** link found on your Usage History tab.

Once there you can track your hourly, daily & monthly use and view trends over time to better manage your use.

Real-Time Alerts can be configured under the Notifications tab by clicking the "gear" icon in the upper right corner.

You can configure where you want to receive notifications and which notices you prefer.

Receive email, phone or text alerts about continuous flow that could be coming from toilet fixtures, irrigation issues or leaks, helping you to reduce water waste and save money!

Scan the QR code to log in to your account or register!
